

Quarterly talks providing information & open discussion on matters of community concern

## **Next Session – Overpopulation: the elephant in the room Wednesday 20 October 2021 at 7 pm**

The speaker will be [Dr James Hopeward \(né Ward\)](#), Associate Professor in Environmental Engineering, UniSA STEM. Dr Hopeward's research focuses on 'big-picture sustainability problems such as the limits to the planet's energy supplies, climate change and economic growth'. He was a lead author on the [UN's 6<sup>th</sup> Global Environmental Outlook Report](#), a founding member of the [Wellbeing Economy Alliance](#) and a past National President of [Sustainable Population Australia](#). Dr Hopeward will speak for thirty to forty-five minutes, followed by audience questions and brief comments, moderated by the Chair to ensure open and respectful discussion.
